MOHAMED ASKARIA

SENIOR UX UI DESIGNER

My Name Is Mohamed Askaria Senior UX/UI Designer with over 5 years of experience, I specialize in creating user-centered designs that not only elevate the user experience but also drive business results. I have a proven track record of collaborating with cross-functional teams to deliver intuitive, engaging, and scalable digital products across various industries. With expertise in user research, wireframing, prototyping, and visual design, I consistently ensure that products meet both user needs and business goals. I am passionate about solving complex problems through design and am always striving to create seamless and delightful experiences for users.
